Don't forget the work at Pavillion. It may or may not fit here.

Subject: Tech Support to R8

Hello All,

Cindy Sonich-Mullin has a meeting with R8 next week. Since it is Dave's day off, I am trying to pull together a summary of what Tech Support we are provide (or have provided in the last few years) to R8.

Please provide me information on any R8 sites you are supporting on. Please include site name, contact, and brief description of the work.

I need a response by 10:00 am today. Sorry for the short turn around.
